Abctica.com

Russian wholesale marketplace, tending to be international

# abctica.com...

- ▶ Bringing together wholesale sellers, buyers, carriers (forwarders), customs representatives and other trade supporters, staying in their own offices.
- ▶ Being an alternative online sales source.
- ▶ Acceleration of trading processes from finding a partner to delivery due to digital technologies.
- ▶ The marketplace was founded by professional logistics specialists, so we do take into account the features of the work of carriers.
- ▶ Various product categories.
